

July 2007

To Whom It May Concern:

This letter will serve as a reference for Mr. Avy Ellis who was employed by Oblicore Ltd. as a Technical Support Engineer for the past two years. I have known Avy since I joined the company in 2006 as Director of Technical Services; our activities required almost daily communication, correspondence, meeting as well as special planning related to a wide range of technical support challenges.

During this period, Avy exhibited professionalism and always maintained a positive attitude, regardless how difficult and challenging the obstacles became at times. He demonstrated outstanding talents in both technical and administrative responsibilities and never hesitated to roll up his sleeve and to help out, as the need required.

His commitment to the Oblicore family was beyond standard working hours, if needed, and his skills in IT and Technical Support covered a broad range including, but not limited to, customer communication, profound technical analysis, activity planning and continues improvements to improve working methods and tools. His personality is delightful. He is sensitive, flexible, respected and admired by his peers, subordinates and superiors alike.

I am deeply impressed by Avy and recommend him unhesitatingly. I am confident that, if selected by your company, he would provide the same remarkable level of service and commitment. If you have any questions or wish to speak further about Avy, please feel free to call me at +972-9-762-7024.

Sincerely,

Assaf Dar
Director of Technical Services
Oblicore Ltd.
